RE: APPLICATION FOR INTERNSHIP/APPRENTICESHIP OPPORTUNITY IN ICT

Dear Sir/Madam,

I am writing to express my interest in the Internship/Apprenticeship opportunity in the Information and Communication Technology (ICT) field as advertised. I am a recent graduate with a Bachelor's degree in Information Technology from Kabarak University, having completed my studies in [December, 2023], and I am eager to contribute my skills and passion for technology to your esteemed organization.

During my academic journey, I acquired hands-on experience in web development, networking, systems administration, and database management. I have also developed a fully functional website as part of my university project and have undergone practical training that enhanced my understanding of Microsoft Office 365, troubleshooting, and user support.

I am a goal-oriented, dynamic, and self-motivated individual with a strong sense of integrity. I work well in team settings and possess excellent interpersonal and communication skills. My decision-making skills and problem-solving approach have always been recognized by peers and mentors alike. I am proficient in various computer applications and committed to continuous learning and professional growth.

I would welcome the opportunity to further discuss how I can contribute to your team. Thank you for considering my application. I look forward to your positive response.

Yours faithfully,

Sheila Cherop.
